Dear Danny,

Once again, I wish to thank you for judging in our Quality Improvement Competition (QIC) organised from 10th – 11th Nov 06. We have certainly learned a lot from you especially in the application of QC tools.

On behalf of the Management Team, I wish to thank you for the excellent support and kind assistance you have rendered us over the years despite your many other commitments.

On a personal note, I am very honoured and pleased to have a good friend like you. Thank you so much.

With best regards,

Phua Hong Yee
