

A Happy Customer

Dear Danny,

We would like to say thank you for your excellent training that you have brought to our company in the last two days (very good on training approach, exercises, case study, training materials, etc).

We are convinced this is the best Internal Audit course that we have during the time. Hopefully this will continue during the second session which we have agreed to be conducted on 6 and 7 June.

Thank you for a very enjoyable and valuable training session, and much of the credit goes to you.

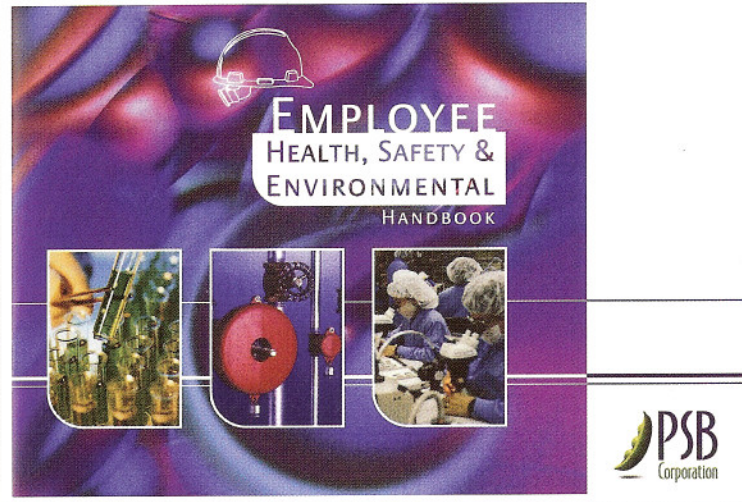

Best Regards

Mr Toto Sugeng

PSB Corp launches its Employee Health Safety and Environmental (HSE) Handbook

PSB Corp successfully launched its very own Employee HSE handbook on 3 June 2005, to provide all staff with essential information about health, safety and work environment. It would be a useful guide on safety regulations as well as to raise health and environmental awareness.

“PSB Corp’s HSE Committee wants all staff to have a handy pocket-sized HSE Handbook that is simple and easy to understand. It is a practical guide and reference to PSB Corp HSE Policies and related matters. I hope all staff will read and practice them. Be vigilant and help each other keep safe,” emphasised Dr Steve Lai, Deputy CEO and HSE Chairman, PSB Corp.
